## DUES WITHHOLDING

The Dues Withholding program has certainly made a lot of NARFE members realize they can eliminate getting reminders from the National Office to pay next year's, 2-year's or 3-year's dues. In fact, 27 members took advantage of this cost-saving effort thus far. I **applaud** every one of you who made that decision to have the incredibly low \$2.88 deducted from your annuity each month. And while I realize that many of you hesitated to follow suit as I did many years ago, remember it saves you and NARFE headquarters a lot of paper and postage. Sending in a check from your mailbox may also increase the likelihood of being retrieved by identity thieves as an Asheville police officer at our last meeting warned us. Please reconsider this option and you won't need to worry about when the next dues become due. Thank you again for your consideration. *Sabine Dieringer, 1<sup>st</sup> VP*

## IT'S HAPPENING ON CAPITAL HILL

On April 8, Rep. Carolyn Maloney, D-NY, and 21 cosponsors introduced legislation, H.R. 5718, to improve family and medical leave for federal employees. The bill also requires the Government Accountability Office (GAO) to study the feasibility of offering disability insurance to federal workers. This bipartisan legislation is referred to the House Oversight and Government Reform Committee and the Education and Labor Committee. The Oversight and Government Reform Committee Subcommittee on the Federal Workforce was scheduled to mark-up the bill on Tuesday, April 15.

NARFE members report being asked to help citizens without access to the Internet and in need of help to obtain economic stimulus payment information and forms. The Internal Revenue Service ([www.irs.gov](http://www.irs.gov)) has an 8 page "portable document format" form explaining the process and including the Form 1040A. IRS has mailed this packet to most public libraries. (Use the following URL: <http://www.irs.gov/formspubs/index.html?portlet=3>. Archived

editions of the Legislative Hotline provided full coverage of economic stimulus payments. Use the following address:

### **FOOD BANKS LOW ON FOOD**

Food banks in most areas of the country report low food stocks and high demand. On SATURDAY, May 10, the National Association of Letter Carriers will conduct their annual Stamp Out Hunger Food Drive. In 2007, this NARFE supported drive delivered 70.7 million pounds of non-perishable items donated by patrons to local food organizations. NARFE members are urged to collect and bag non-perishable food items and place the bag by your mailbox for your letter carrier on Saturday, May 10, 2008. Results of the Food Drive will be reported in the NARFE magazine.

### **ECONOMIC STIMULUS PAYMENT SCHEDULE FOR TAX RETURNS PROCESSED BY APRIL 15**

Economic stimulus payments will be issued according to the last two digits of the main filer's Social Security number. People who use direct deposit also will be among the first to receive the payments starting May 2. Paper checks will be put in the mail starting May 16.

#### **DIRECT DEPOSIT**

Economic stimulus payments will be issued according to the last two digits of the main filer's Social Security number. People who use direct deposit also will be among the first to receive the payments starting May 2. Paper checks will be put in the mail starting May 16.

#### **DIRECT DEPOSIT**

<b>Last two SSN digits:</b>	<b>Payment transmitted:</b>
00 through 20	May 2
21 through 75	May 9
76 through 99	May 16

#### **PAPER CHECK**

<b>Last two SSN digits:</b>	<b>Payment transmitted:</b>
00 through 09	May 16
10 through 18	May 23
19 through 25	May 30
26 through 38	June 6
39 through 51	June 13
52 through 63	June 20
64 through 75	June 27
76 through 87	July 4
88 through 99	July 11

People who file a return after April 15 will receive their economic stimulus payment, but probably about two weeks later than the schedule shows. A return must be filed by October 15 in order to receive a stimulus payment this year.

A small percentage of tax returns will require additional time to process and to compute a stimulus payment amount. For these returns, stimulus payments may not be issued in accordance with the schedule above, even if the tax return was processed by April 15.

### **NARFE CHAPTER NEWS**

If you do not have your tax refund or economic stimulus rebate deposited directly into your account, DO NOT accept an offer over the phone or by email for someone to set up this process. It is most likely a scam by someone seeking your personal information. IRS does not make calls or send out emails. File complaints about fake calls and emails with the IRS (1-800-829-1040) or with the NC Attorney General's office.

### **DO I HAVE TO RE-REGISTER FOR THE DO NOT CALL LIST**

The FTC no longer requires people to sign up every five years. Your number will stay on the Do Not Call list unless you direct the Federal Trade Commission to remove it. Also, it is not necessary to register cell phone numbers, since telemarketing to them is illegal. To sign up for Do Not Call or to report an offending phone number, call the FTC at 1-800-382-1222.

### **LEGISLATIVE NOTES**

The President's proposed budget for FY 2009 did not recommend any changes or reduction in federal annuity cost-of-living adjustments (COLAs) or in the government/employer share of FEHBP. The budget proposed does expand Health Savings Accounts (HSAs) in the FEHBP. The Administration would give HSAs, which few federal workers and annuitants have joined, a jump start by including a proposal recycled from last year's budget that would allow Blue Cross/Blue Shield (BC/BS) to offer the controversial option in the FEHBP.

The President's budget suggested \$178 billion in Medicare cuts over five years by making more affluent beneficiaries pay even higher Part B premiums and by reducing Medicare payments to health care providers. Reducing payments to doctors and hospitals would weaken traditional Medicare and as a result, make private Medicare plans, known as Medicare Advantage (MA), more attractive to beneficiaries. Most of us enroll in traditional Medicare because the program's coverage coordinates better with FEHBP benefits than Medicare Advantage.

NARFE is concerned about the Office of Personnel Management's proposal seeking to expand the controversial HSAs and establish a separate health plan for Medicare-eligible federal annuitants. This would be a precedent. There has never been a health plan based on age.

Remember, Presidential budgets are suggestions to the House and Senate on federal spending and tax policy and do not have the force of law. Members of Congress may approve, reject, or change any of the President's recommendations.

*Ted Mathis, Legislative Officer*
