Chapter President message: As you know, the Fifty Fourth North Carolina Annual State Convention of Chapters will be held May 5-7, 2010, at the Embassy Suites, Greensboro. This year sees the changing of the guard (Federation change of Executive Leadership), and two very qualified people are preparing to step-up and take hold of the reins. I anticipate our Chapter membership will take full advantage of the opportunity to attend the convention, to hear, and support the candidates running for Federation President, Executive Vice-President, Federation Secretary and Federation Treasurer. NARFE is our organization! We determine, based on best qualification, who is going to lead us, provide sound strategy to retain current members, recruit new members, and most importantly, guide us through the bureaucracy of retaining our current earned benefits, and help us fight when that becomes necessary. Walk the walk, not only talk the talk!

May I suggest you make plans now to attend the convention! Avoid having to pay the late, or on-site, registration cost of \$5.00. Today, complete and send the registration form (see Registration Form, Nov-Jan issue of Federation Newspaper), along with your \$25, and \$30 for the banquet not later than April 10th, that's per person. And while you're at it, make your hotel reservations directly with Embassy Suites, (336) 668-4535, or 1-800-367-2229. Accommodations (\$89.00 + tax per night) include free full breakfast each morning. That's a deal you can't refuse! Again, see Federation Newspaper for further details.

As you know, these Federation and Nat'l Conventions cost money to convene and operate. The success of conventions has always been borne by its members and this one is no different. So...purchase a 'Booster' Booklet advertisement, Chapter 'Booster', and donate Door Prizes and/or send a check toward door prizes. The convention chairpersons tend to be creative and give away prizes (some pretty hefty) several times throughout the 3-day convention. Most everyone goes home with something. If you're favorably inclined, send an individual \$10.00 (or what you can afford) gift certificate, or collectively, an amount mutually agreed upon at the next meeting, to the Booster Booklet. See details in the Federation Newspaper. I look forward to seeing many of you as can make it.

Special NARFE Legislative Hotline: Victory in Senate Health Care Compromise

This is a special edition of the NARFE Legislative Hotline released on Tuesday, December 22, to inform NARFE members about a victory on health care reform legislation. The next scheduled, and first Hotline of 2010, is set for January 15, and will report December consumer price news. As always, a special edition is issued whenever needed. (388 words; 2:29)

The Senate leadership's negotiated compromise to get the 60 votes needed to pass health care reform contains language drafted and suggested by NARFE that would move to safeguard the Federal Employees Health Benefits Program (FEHBP). The protective language was added by the Senate leadership in response to concerns raised by NARFE and federal-postal organization allies regarding a proposal that would have the Office of Personnel Management (OPM) play a significant role in national health care reform -- partially administering a health care delivery system consisting of at least two national, private nonprofit insurance plans.

The compromise will be added to the bill through the approval of the 383-page "manager's amendment" which includes the OPM-administered "multi-state" health plans and following FEHBP protections:

- Premiums of FEHBP and the proposed OPM-administered multi-state plans would be calculated in separate risk pools.
- The OPM Director would be required to ensure that the multi-state plans are administered separately from the FEHBP.
- FEHBP insurance carriers would not be required to offer coverage through the multi-state program.
- The OPM Director may establish separate units or offices within the agency to ensure that the administration of the multi-state plans do not interfere with the effective administration of FEHBP.
- The OPM Director may not allocate fewer financial or personnel resources to the agency's administration of FEHBP.
- The OPM Director may appoint additional personnel to carry out the administration of multi-state plans. Senators voted 60-39 to accept the manager's amendment around 8 AM Tuesday, December 22, clearing the way for one remaining procedural vote on Wednesday, December 23 and a final vote on the legislation Thursday, December 24.

Thank you for using the Hotline. This weekly legislative message is available to telephone callers (703/838-7780 and toll free at 1-877-217-8234), posted on NARFE's Internet site, www.narfe.org, made available to NARFE-Net Coordinators; and sent to over 51,000 GEMS e-mail addresses. Each delivery channel is a service of NARFE, the National Active and Retired Federal Employees Association.
